# plumbers choice BBB

# **Next Generation**

The Plumbers Choice magazine has been around for over 25 years. 192 Editions and still going strong. Over the years, we've converted a lot of plumbers to supporting Trade Only. We've seen many fathers hand over the tools to their sons, creating another generation of plumbers who want to support the industry that provides for them.

To start preparing the next generation of Trade Only plumbers we're going to encourage them all to show their support for Trade Only and the plumbing industry by creating our next cover. So get the pencils out, grab some crayons or Photoshop up a storm and hand the magazine over to your kids to design our next cover.
